Vain, pseudo-intellectual discussions only serve to set like concrete around the mind of the recalcitrant unbeliever.

For a way out of the maze it's necessary for the seeker to acknowledge their utter nothingness in the presence of God and begin from that point to beg for guidance to the threshold of true knowledge.

The alternative is to remain in the ego construct of the pretender to knowledge.

Seek Baha'u'llah, the Glory of God, and find the truth underlying all of creation.

Vain anti-intellectualism is common to fundamentalists of all stripes, whether they be Catholic, BUPC **Baha'i**, Haifan **Baha'i**, Muslim, etc. Why is this? Because it is only in rejection of intellect and reason that believers can reassure themselves of the validity of their particular faith based beliefs, regardless of how far from reality those beliefs have strayed. Such absolutism cannot help but spawn extremism.

Excellent points, Larry.

Fundamentalists and cultists are "allegoric" to rational/holistic thought.

Fundamentalist cults are backward. They exploit and dehumanize their followers. They do nothing to promote "an ever advancing civilization" (quote from bahai "scripture").

There is nothing "spiritual" or "divine" about them, they are run by psychopathic, lying, cheating bums - who are big jerks.

Here is one of the few things I ever read in bahai scripture that makes 100% sense:

---excerpt---

<http://reference.bahai.org/en/t/ab/SAB/sab-13...>

The Kingdom of God is founded upon equity and justice, and also upon mercy, compassion, and kindness to every living soul. Strive ye then with all your heart to treat compassionately all humankind—

[] except for those who have some selfish, private  
[] motive, or some disease of the soul.

Kindness cannot be shown the tyrant, the deceiver, or the thief, because,

[] far from awakening them to the error of their  
[] ways, it maketh them to continue in their  
[] perversity as before.

No matter how much kindness ye may expend upon the liar,

[] he will but lie the more,

for he believeth you to be deceived, while ye understand him but too well, and only remain silent out of your extreme compassion.

...

---end---

[QUOTE who="\*\*\*\* "]re: clinging to illusion[/QUOTE]

Speak for yourself, Eric. Before your "awakening" and about face (whose sincerity I actually question given your behavior with me last year in private email) you were amongst the most lock-jawed and obnoxious amongst right-wing Haifan Bahai cultists online. I have your posts from the Talisman2000 list saved and am happy to trudge this material out publicly if necessary to prove the point. Now you claim you have seen the "light" and all of a sudden are using integralism as a crutch in some personal campaign railing against Platonic Realism which you don't even understand. My position has been consistent (and even while hailing from a Persian Bahai family, my awakening about the dark reality that is Bahaism occurred while I was still a young teen). Bahaism is a dangerous 5th columnist colonialist manufactured cult. It is a post-Islamic version of what Khomeinism is in its Islamic form. The basis of the claims of Bahaism from its founder onwards are illegitimate and hence false. Bahaism does not remotely represent Platonic Realism in any of its modes or permutations. Bahaism is not a legitimate successor to Babism which in itself is the culmination and apotheosis of Neoplatonism and Hermetic esotericism in its Islamicate manifestations - not to mention also a form of Neo-Zoroastrianism articulated in a specifically post-Islamic Twelver Shi'ite garb.

Yeah that's why one of the basic principles of Baha'u'llah's Revelation is that TRUE Science and True Religion must agree.

Those who esteem themselves so highly as the types here on this forum and their kind who fight against God with every breath of the life He gave them are fulfilling their purpose within the context of God's Plan for each of them individually no matter how loudly they protest. Their opposition to God and His purpose only serves as fuel for the fire that will ultimately purify the planet.

The Plan of God moves forward with ever increasing momentum, the Kingdom is Established, and the World Order begins to unfold.

These are wonderful, beautiful and glorious days.

Allah'u'Abha!

To learn more about the **Baha'i** Faith and how it fulfills the prophetic legacy of all Faiths and will therefore ultimately be the cause of planetary unity among humankind and how the World Order of Baha'u'llah is even in this moment being established and how you can become an active participant and an agent of social change for the betterment of all the human family in the face of those who seek to divide and separate the children of men from each other and the One True God, go to these links and explore them fully.

As the fires spread and rage hotter the door of opportunity to do so may not remain open for long.

Next time you plagiarize a speech of Iran's supreme leader, Ayatollah Ali Khamenei, or any of the other hardline IR regime clerics, be so good to acknowledge the source of your plagiarized words.
